" أسم الموضوع "

It is taken for granted that this topic has become one of the most important (serious) things in our life and has an impact nowadays on our community as well as that there are a lot of kinds for example ....
From my humble point of view, we can say that, this subject has a great effect on life and our society. In fact, it is considered a topic of great importance that's why we should give attention to it. It is necessary for us to do our best to benefit from it by all possible means and this can be done. All citizens should participate in this topic. I can say that we should double our efforts to achieve what we want.
To sum up, as far as I am concerned that we can say that we should exert great efforts to know how to deal with it. At last not least, I realize that what I've just written is like adding a drop of water to the ocean of this topic. It needs a great interest from us.
